

An aerial 3D architectural rendering of a residential complex. The scene features several large, multi-story buildings with brown, gabled roofs and light-colored facades. The buildings are arranged around a central area with a parking lot and landscaped greenery. The parking lot is paved and has white markings for individual parking spaces. The landscaping includes various types of trees, including palm trees and trees with vibrant red and yellow foliage. A winding path or road is visible, and a small utility vehicle is parked near the parking lot. The overall scene is bright and colorful, suggesting a sunny day.
